### The Leprosy Mission announces death of National Director

It is with deep sadness that Peterborough based charity The Leprosy Mission, England & Wales (TLMEW), announces the sudden death of National Director Rupert Haydock.

Rupert, 52, collapsed on the morning of Wednesday September 1 whilst at a Leprosy Mission supporters meeting here in St Andrews Church, but sadly did not regain consciousness.

Please pray for his wife Janet and family at this very sad time. Also pray for Pamela Levens, who worked closely with Rupert and was with him when he died. Please also remember other folk from St Andrews who were there at the time.
