Tuesday this week, we have Sedgwick Street school coming into church for a **Christmas Experience**—please pray that the children and staff have a great experience and for the helpers from St Andrews to also thoroughly enjoy the morning

Thanks to Louise and helpers who organised the Christmas Fair on Friday evening and a great evening was had by all. There was a lovely atmosphere in the church hall and everyone really enjoyed themselves—and £750 was raised as well.

A **concert** is being held at **Mansfield Rd Church** building on 16th December by Simply Strings at 4pm. This local group have a great reputation and should be a good evening of Christmas and other music. Coffee & Cakes in the ticket price :)

Christmas is just around the corner and we have some great services planned for you to be able to invite folk along to—why not start praying and thinking about inviting folk to the Nativity or Christmas Eve services ??

Nativity Sunday 16th 10.30
Christmas Eve at 6pm
Christmas day 10.30am Family Communion

Some folk from St Andrews are attending the **Aldersgate Conference** Weekend at Cloverly Hall in Shropshire from Friday 1 March to Sunday 3rd. If you are interested in joining them for a weekend of teaching, fellowship, food and prayer ministry, please talk to Louise or Andrew. Lifts can be arranged. This is a great weekend to grow in the power of the Holy Spirit and we would encourage you to come along

Page 3 Prayers

Read them and pray !

- Pray for the folk on the prayer chain this last week
 - Prayers for our foodbank team as they prepare for a busy Christmas period
 - Prayers for the possible use of Mansfield Rd Church building and how we can reach out to the community around the church
 - Continued prayers for David Goulding and his family. David came home on Thursday
-
- If you have a prayer request, text or ring Andrew 07973 759885

If you are visiting St Andrews for the first time, or looking for a church to worship at regularly—you are very welcome. Please make yourself known and ask for more details about life in St Andrews

Loop system; put your hearing aid to the T position
